<http://www.eduweb.com/insideart/index.html>

7. Do the mini webquest "A. Pintura, Art detective. (You'll have an answer sheet for it.) <http://www.eduweb.com/pintura/index.html>

8. Scroll down the art wiki page

(<http://madameshackelford.wikispaces.com/L%27art+français>)

until you come to "Pour s'amuser". Peruse and do the 4 activities there, and look at the "Unusual Food art" ppt underneath those activities, if you have time.

9. Under "Art Movements" on the same art wiki page you will find the art

history powerpoints we used in class. Look at them and review the movements, the artists and their works.

10. Now look at the “Classificaion des arts” pdf (<http://madameshackelford.wikispaces.com/file/view/Classification+des+Arts.pdf>) a)What is your favorite type of art?

b) Even if painting is not your favorite type of art, which movement in painting (that we have looked at in class) is your favorite?

11. Now do the “Visite virtuelle des grottes de Lascaux”). It is a separate handout you will have received. You will hand it in to the sub as well as this handout at the end of Friday.

12. Look at any of the other activities on the art wiki page that you have time for, then be sure to answer part B, below, and hand in all the worksheets (the art webquests, this one, and the Lascaux cave exploration) to the sub by the end of the period on Friday.

B. What have you learned about art from these activities? You should give at least three specific examples (write them here, on back of this sheet), using English, and considering the question “What IS art”?
